E. **Protest Bond**

- 1. As a condition precedent to filing a protest, the Protestor must provide a Protest Bond as herein described. The Protestor shall procure, submit to the State with its written protest, and maintain in effect at all times during the course of this protest or appeal thereof, a Protest Bond in the amount specified in the underlying RFP or Letter of Configuration, or in the default amount specified by the ITS Board when no such amount is specified in the RFP or Letter of Configuration. The default bond amount established by the ITS Board is \$250,000 or the estimated total project cost, whichever is less. The estimated total project cost shall be determined by the state.
- 2. The bond shall be accompanied by a duly authenticated or certified document evidencing that the person executing the bond is a licensed Mississippi agent for the bonding company. This certified document shall identify the name and address of the person or entity holding the Protest Bond, and shall identify a contact person to be notified in the event the state is required to take action against the bond. The Protest Bond shall not be released to the Protestor until the protest is finally resolved and the time for appealing said protest has expired or until the protest is finally resolved and the Protestor furnishes ITS with written notification that no appeal will be pursued.
- 3. The Protest Bond shall be procured at the Protestor's expense and be payable to the State of Mississippi. Prior to approval of the Protest Bond, the State reserves the right to review the bond and require the Protestor to substitute an acceptable bond in such form as the State may reasonably require. The premiums on such bond shall be paid by the Protestor.
- 4. The bond shall bind the surety to all of the terms and conditions of this protest policy. The State may claim against the Protest Bond as specified in Section 25-53-5 (n) of the Mississippi Code Annotated, as amended, in addition to all other rights and remedies the State may have at law or in equity.

 4. supporting exhibits, evidence or documents to substantiate any claims. If such exhibits, evidence, or documents are not available within the filing time, Protestor should provide the expected date the information will be available. The same parties will also receive copies of any other written documents generated during the protest proceedings without the requirement of a public records request being submitted.

Stay of Procurements - In the event of a timely protest, the State shall not proceed further with the proposal solicitation or Award of the Contract until the resolution of the protest, unless the Executive Director of ITS, after conferring with the director of the procuring state agency, institution, or governmental entity, makes a written determination that in order to protect the substantial interests of the State, it is necessary to go forward with the proposal solicitation or Award of the Contract.

Additional Information -- Time for Filing - Any additional information requested from the Protestor or Interested Parties by the Executive Director of ITS should be submitted within the reasonable time period established by the Executive Director in order to expedite consideration of the protest. Failure of any party to comply expeditiously with a request for information by the Executive Director of ITS may result in the protest being resolved without the additional information being considered.

Initial Review of Protest

1. When a protest is filed, the Executive Director of ITS shall perform a review of the protest. The review shall be based on the written protest material submitted by the Protestor and all other facts known to the Executive Director. The Executive Director shall determine as a result of the initial review if sufficient information has been submitted to render a decision. The Executive Director may either render a decision at that time based on the information in his/her possession or schedule a protest conference as specified in Section N below.
 2. ITS may refuse to hear or consider, or may cease to consider, a protest on the grounds that the protest is trivial, frivolous, vexatious, or not made in good faith.
- N. **Scheduling of Protest Conference** - When the Executive Director of ITS determines that a protest conference is required to acquire sufficient information to render a decision, the Executive Director shall, mutually with the Protestor, schedule a date, time, and place for the protest conference and send a notice of same to the Protestor, the Customer, and any Interested Party.
- O. **Rescheduling of Protest Conference** - Continuances requested by any party to the protest shall

be granted within the discretion of the Executive Director of ITS only for good cause shown.

Q. **Conduct of Protest Conference**

1. The protest conference is a business meeting during which time the issues relevant to the specific procurement being protested are presented. ITS expects the issues to be presented from a business perspective by the protesting vendor's account representative directly overseeing this project. ITS will not allow the protest conference to evolve into an adversarial proceeding.
2. So as to encourage the amicable resolution of a protest, the protest conference is informal and no witnesses are examined. However, if there is anyone that a party believes could provide pertinent input, the party may have that person present to be interviewed, at the discretion of the ITS Executive Director, at the conclusion of the conference and before a decision is made.
3. The Protestor has the burden of proving that the protest merits the relief requested.
4. The Executive Director of ITS shall have the authority to maintain the decorum of the conference and shall take reasonable steps to do so when necessary, including clearing the conference room of any person who is disruptive.

R. **Decision of ITS Executive Director**

1. The Executive Director of ITS shall, within a reasonable time, prepare a written decision. The final determination shall either:
 - a. Find the protest lacking in merit and uphold the State's action; or
 - b. Find only technical or harmless errors in the State's acquisition process, determine the State to be in substantial compliance, and reject the protest; or
 - c. Find merit in the protest and provide options which may include:
 - i. Correct errors and re-evaluate all proposals; or
 - ii. Reissue the RFP or Letter of Configuration; or
 - iii. Make other findings and determine other courses of action as appropriate.
 - d. Find that it is in the best interest of the State to reissue the RFP or Letter of Configuration, with no determination of fault or error.
2. A copy of such decision shall be sent by personal delivery sent by electronic means to the Protestor; any Interested Party, and the executive head of the procuring state agency, institution, or governmental entity, provided that a printed copy of the decision is sent to the Protestor by courier or other delivery option with signed receipt. The decision of the Executive Director of ITS shall be final and conclusive unless fraudulent or unless a timely request for a review by the ITS Board is filed.

- S. **Effect of Judicial Proceedings** - ITS shall refuse to decide a protest if an action concerning the protest has been filed in court.

Requests for review by the ITS Board shall be filed with the Board with copies of same being sent to the Executive Director of ITS, the Customer, and any Interested Party, by personal delivery or by certified United States Mail, postage prepaid, return receipt requested, or by overnight courier with signed receipt, within three (3) Working Days after receipt of the decision by the Executive Director of ITS.
 - b. If a request for review by the ITS Board is not filed within the specified time limit, it will be considered waived and the decision of the Executive Director of ITS shall be final and conclusive.
3. Content of Review Request - The written request for review by the ITS Board shall contain, at minimum, the following:

- a. the name and mailing address of the person filing the request for review;
 - b. a copy of the written protest originally filed;

 - f. a statement of the relief requested; and
 - g. the Protest Bond and accompanying certification, as described in Section E above.
4. Initial Review by ITS Board - When a Request for Review is filed, the ITS Board shall perform an objective review of the request. The review shall be based on the written material submitted by the Protestor and all other facts known to the Board. The Board shall determine as a result of the initial review if sufficient information has been submitted to render a decision. The Board may either render a decision based upon the information in its possession or schedule a review conference as specified below.
5. Scheduling of Review Conference
 - a. When the ITS Board determines that a conference is required to acquire sufficient information to render a decision, the ITS Board shall mutually with the Protestor schedule a date, time, and place for the review conference and send a notice of same to the Protestor, the Customer, and any Interested Party.
 - b. Continuances requested by any party to the protest shall be granted within the discretion of the ITS Board only for good cause shown.
 - c. If a Protestor, without good cause, fails to appear at the review conference, such failure will be deemed a withdrawal of the protest and the ITS Board shall dismiss the protest and such dismissal shall be final and conclusive.
6. Conduct of Review Conference
 - a. The review conference is a business meeting during which time the issues relevant to the specific procurement being protested are presented. ITS expects the issues to be presented from a business perspective by the protesting vendor's account representative directly overseeing this project. ITS will not allow the review conference to evolve into an adversarial proceeding.
 - b. So as to encourage the amicable resolution of a protest, the review conference is informal and no witnesses are examined. However, if there is anyone that a party believes could provide pertinent input, the party may have that person present to be interviewed, at the discretion of the ITS Board, at the conclusion of the conference and before a decision is made.
 - c. The Protestor has the burden of proving that the protest merits the relief requested.
 - d. The ITS Board shall have the authority to maintain the decorum of the conference and shall take reasonable steps to do so when necessary, including clearing the conference room of any person who is disruptive.
7. Decision on Review - The ITS Board shall issue a final written decision within a reasonable time after the final date for filing all documents to be considered on review. The final determination shall either:
 - a. Uphold the Executive Director's decision; or
 - b. Determine that the Executive Director's decision was in error and render a new decision which shall either:
 - i. Find the protest lacking in merit and uphold the State's action; or
 - ii. Find only technical or harmless errors in the State's acquisition process, determine the State to be in substantial compliance, and reject the protest; or
 - iii. Find merit in the protest and provide options which may include:
 - Correct errors and re-evaluate all proposals; or
 - Reissue the RFP or Letter of Configuration; or
 - Make other findings and determine other courses of action as

appropriate; or

- iv. Find that it is in the best interest of the State to reissue the RFP or Letter of Configuration, with no determination of fault or error.

- A copy of such decision shall be sent by personal delivery or sent by electronic means to the party filing the request for review; the Executive Director of ITS; the executive head of the procuring state agency, institution, or governmental entity; and any Interested Party, provided that a printed copy of the decision is sent to the party filing the request for review by courier or other delivery option with signed receipt. A determination of an issue or fact by a quorum of the ITS Board shall be final and conclusive unless arbitrary, capricious, fraudulent or clearly erroneous.

U. **Exhaustion of Remedies** - Except as may be authorized under federal law, no Protestor may file a petition for judicial review with a court of competent jurisdiction (that court being in Jackson, Hinds County, Mississippi), until a final written decision has been issued by the ITS Board. Protestor must notify ITS, within thirty (30) days of entry of ITS Board's final written decision, concerning Protestor's intent to file a petition for judicial review. ITS will return Protest Bond only on receipt of written notification from Protestor that Protestor will not file a petition for judicial review. Upon court's determination following any petition for review that the protest was filed without substantial basis or reasonable expectation to believe that the protest was meritorious, ITS will issue a payment demand against the Protest Bond to cover the expense or loss incurred by the State as a result of the protest.

V. **Amendment of Rules, Etc.**

1. The ITS Board may, from time to time, amend these rules or promulgate new rules.
2. If any one or more of these rules is found to be invalid by a court of competent jurisdiction, such finding shall not affect the validity of any other of these rules.
